## Spectrum Privacy Policy

Effective: August 1, 2025 ("Your Rights If You Live In Other States With Privacy Laws" Section, Effective: July 1, 2025)

Your privacy is important to Charter. We take seriously the responsibility of protecting your privacy and the information collected about you.

This Spectrum Privacy Policy (the "Privacy Policy") describes the types of information we collect, how we use that information, the choices you have regarding such collection and use, and the rights that may be available to you under state and federal law when you subscribe to or interact with Spectrum products and services.

### WHEN THE PRIVACY POLICY APPLIES

The Privacy Policy applies to the information we collect from or about you, your household, or devices associated with you, as prospective customers or when you subscribe to, access, or use the Spectrum products, services, websites, and applications (sometimes referred to as the "Spectrum Platform" in this Privacy Policy).

Some Spectrum products and services may have additional privacy practices that are described in product- or service-specific sections in this Privacy Policy or may be provided to you in different ways, such as our commercial agreements for Spectrum Business services. To the extent there is an overlap between the privacy disclosures in this Privacy Policy and a product-or service-specific privacy notice (e.g., the Spectrum Biometric Data Privacy Notice which you can view by visiting our Your Privacy Rights section on our website), the privacy disclosures set forth in the product or service-specific notice or commercial agreement will apply and control with respect to such product or service.

Sometimes you may access websites (e.g., news websites, shopping websites, internet search engine, etc.) or services (e.g., non-Spectrum email and instant messaging services or video streaming services, gaming services, data storage services, etc.) that we do not own, manage or control through the Spectrum Platform. We urge our customers to review the privacy practices of these third parties, because this Privacy Policy does not extend to the collection of information by third parties through websites not owned, managed, or controlled by Spectrum.

### WHAT INFORMATION WE COLLECT

**In order to provide you with Spectrum products and services, we collect a variety of information about you when you interact with us or use our products, services, websites, and applications. This information enables us to provide our services to you on a cost-effective basis and to tailor our products and services to best meet your needs and interests.**

#### ***Information You Provide to Us Directly***

- information about you including racial or ethnic origin;
- usernames, passwords, images (e.g., driver's license photo), biometric data (e.g., voiceprints collected when you opt-in to our Spectrum Voice ID service subject to our Spectrum Biometric Data Privacy Notice), and other authenticating information associated with a Spectrum account;
- information about the types of services to which you subscribe, orders you place or downloads you make through the various Spectrum applications (e.g., the Spectrum TV, MySpectrum, Spectrum News,

and SpectrumU applications), the service options you have chosen, and any customized settings you have created;

- information about the payment methods used for your Spectrum services, such as your payment card information (e.g., the cardholder name, card number, expiration date, and security code (CVV/CVC) associated with your debit or credit card) or bank account information (e.g., the routing number that identifies your bank and your bank account number that identifies your account within your bank);
- information related to a credit application for a product or service or to protect against fraud, which may include your Social Security number, driver's license number, or other government issued identifier;
- information you provide when you enter contests or respond to Spectrum surveys, or participate in or attend events sponsored by Spectrum; and
- information we keep in our records when you correspond or otherwise communicate with us, including through our call centers, in-person interactions at our stores, online chat sessions, community support space, and through Spectrum social media accounts. We may use the information you provide us and that we collect in order to make inferences, including sensitive data inferences about you, and your interests. Where required by law, we seek your consent before doing so.

#### ***Information We Collect Automatically***

We automatically collect information about your use of the Spectrum Platform in order to deliver any of our services or otherwise permit access to one of our products, such as:

- information from any device you use when you interact with us, including but not limited to the device identifiers, the number, types, and status of devices connected to our network, network addresses, operating system, and technical configurations of the equipment used with our services, products, websites, and applications;

#### ***Location Information***

When you access our network, we may collect general or precise location information. We may also collect general or precise location information when you use some of our services and applications.

For our fixed home video, voice, internet, and WiFi, and business services, all of which are inherently tied to the customer's service address location, we collect the customer's home, business and/or service address in order to provide service to the devices that are physically located at those addresses. For our video service, we use the collected information to deliver service to the physical address at which the customer's receiver is located. For our wireline voice service, we use the collected information to deliver service to the physical address at which the customer's voice modem is located; we also collect call detail information, including the call connection locations (including city, state, and country) and the call origin and destination locations, for account billing. We may use this location data to develop, tailor, and market Spectrum's own products and services, or enable targeted third-party advertising in partnership with select advertising partners and providers.

Some of the advertisements we display may invite interactive or transactional follow-up from you. When you interact and provide your consent, we may share your contact information with the advertiser for the purpose of fulfilling your request. We may also share individually de-identified and/or aggregate information, including our business and marketing reports, with third parties for their own purposes.

If we enter into a merger, acquisition, or sale of all or a portion of our assets, we may transfer or receive information about you, including information that personally identifies you, as part of the transaction.

### WHAT CHOICES YOU HAVE TO CONTROL THE USE OF INFORMATION BY SPECTRUM

You have choices in controlling how we use and share your information for marketing and advertising purposes. For instance, you can always choose whether to receive promotional emails or text messages. When you visit our websites, you may opt-out of interest-based advertising, and when you use our mobile applications, you can limit the use of ad trackers. Visit our Privacy Preference page to manage your marketing communication and privacy preferences, including, for example:

- to be added to our marketing communication preferences list (e.g., "Do Not Call"), which will limit the marketing and advertising messages you receive from us about Spectrum products and services;
- to limit our use of your customer proprietary network information ("CPNI") for marketing and advertising of our own products and services; and
- to limit our use of your Video Usage Information, Combined Information, or our business and marketing reports to direct addressable advertisements or interest-based advertisements to you as further described in the preference center.

Some of the preferences will only apply when you subscribe to Spectrum services and may require additional account information. If you make changes to your contact information or get a new account, you will need to review and update your privacy preferences.

If you are a Spectrum customer and do not have access to Internet service, you may call us at the number provided on your monthly bill statement to be added to any of these lists.

If you are not a Spectrum customer and would like to add your name to marketing opt-out lists, please call 833-845-3726.

Please note that even if you choose to limit the use of information or communications for marketing and advertising purposes, you may still receive general marketing and/or advertising messages, in addition to service-related communications.

### Cookies, Tracking Technologies, and Interest-Based Advertising

Some of our websites use certain web analytics services, such as Google Analytics and Adobe Analytics. These services use cookies or other tracking technologies to help us analyze how users interact with and use the Spectrum websites, compile reports on the websites' activity, provide other services related to website activity and usage, and help us identify and communicate with potential customers. ### CPNI

When you initiate an interaction with one of our representatives, such as a phone call or a chat, we may ask for your oral consent to our use of your CPNI for the purpose of providing you with an offer for other products or services, such as Spectrum cable video service. If you consent, we may use your CPNI for the duration of that interaction to offer you those additional products and services.

If you subscribe to the Spectrum Voice® or Spectrum Mobile service, you have the option of allowing us to use the CPNI we have on file to provide you with information about products and services or special promotions for other communications-related products and services to which you do not already subscribe. You have the right to restrict this use of CPNI. If you opt-out of this use, you will experience no effect on your services. We will wait at least thirty days from the date we first provide notice to you, as a subscriber of the Spectrum Home Phone service or Spectrum Mobile service, before we use your CPNI for this purpose. During that time and at any time after, you may opt-out of our use of your CPNI for these marketing purposes by calling us at the number provided on your monthly billing statement or visiting our Privacy Preference page.

## YOUR RIGHTS AND OUR LIMITATIONS ARE UNDER FEDERAL LAWS

### The Cable Act and Personally Identifiable Information

Section 631 of the Cable Communications Policy Act of 1984, as amended, (the "Cable Act") imposes certain limitations on our collection, use, and sharing of information that personally identifies you when you subscribe to cable video and telecommunications services, or other services provided using the facilities of the Spectrum cable system. The Cable Act provides you with the right to know about the personally identifiable information we collect about you and how we use it; under what conditions and circumstances and the types of persons and entities to whom we may disclose personally identifiable information; how long we maintain personally identifiable information; the limitation on our ability to collect and disclose personally identifiable information collected from the cable system; and provides you with the right to request access to review and correct your personally identifiable information. Personally identifiable information is information that identifies a particular person; it does not include de-identified or aggregate data that does not identify a particular person or persons.

If you would like access to the personally identifiable information we maintain in our business records pursuant to the Cable Act, please send a written request to your local Spectrum office or call us at the number provided on your monthly billing statement and we will make an appointment for you to visit during normal business hours. You will only be permitted to examine records that contain personally identifiable information about your account and no other account. If your review reveals an error in our records, we will correct it. We reserve the right to charge you for the cost of retrieving and photocopying any documents that you request.

The Cable Act permits us to use the cable system(s) to collect personally identifiable information about our subscribers when it is necessary to render services and to detect unauthorized reception or use of the Spectrum Cable Act Services. We may use the cable system to collect personally identifiable information about a subscriber for additional purposes with a subscriber's prior written or electronic consent. The Cable Act also permits us to disclose personally identifiable information if the disclosure is necessary to render, or conduct a legitimate business activity related to, the cable service or other services provided; required by law or legal process; or limited to your name and address under a "mailing list" exception, as described in this Privacy Policy. We may sell or share customer names and addresses with third parties for their own marketing or advertising purposes subject to your opportunity to opt-out of such activity.

When a government entity is seeking information about your selection of video programming, you have additional rights as described in the "Governmental Entities or Pursuant to Valid Legal Process" subsection of "When We Share Information with Others."

Those additional protections and the choices you have regarding the use and sharing of such information are reflected in this Privacy Policy.

If you want access to the CPNI data we maintain about your account, we will provide a copy to you at the address of record for your account, or to any person authorized by you, if we reasonably believe the request is valid. For telephone and online access to your CPNI, you must first authenticate your identity before we can disclose CPNI to you or your authorized agent.

### ADDITIONAL PRODUCT AND SERVICE-SPECIFIC INFORMATION

#### YOU NEED TO KNOW

#### Spectrum Mobile Applications

When you use Spectrum mobile applications, we may also automatically collect information about the devices you use to access the application or our services and the content you view. The information we may automatically collect depends on how you access the services and content and includes:

- information related to the use and operation of the App;
- device information (e.g., device identifier, mobile device number, advertising identifier, MAC address, carrier, operating system, ISP, IP address);
- usage data associated with how you interact with the App;
- configuration data for any WiFi-enabled device you may use to access the App;
- information related to your WiFi and cellular connections (e.g., data usage, network performance, signal strength, throughput, latency); and
- location information, including precise geolocation information, such as your service address and the location of a device in which you have installed the App.

Our location-based features are based on the location of your Spectrum service account and the general or precise location of a device in which you have both installed a Spectrum mobile application (e.g., the Spectrum TV Application, My Spectrum Mobile App, Connection Manager) (each individually an "App") and have enabled location services. If you do not want the App to collect your device's precise geolocation, you can disable location services on your device using the device settings. Please note that location data will be collected when your location service is enabled for this App when the App is running in the foreground, background, or even if you are not directly using the application depending on your device.

Some of the App's features are only available while you are on the Spectrum network or when connecting from your home WiFi account. The App will use your IP address and other information to determine whether you are on or off the Spectrum network or connecting via your service account.
