August 7, 2023

Another customer has applied for service at this address, but our records show the service is still in your name.

Did you move, or change who is responsible for this account?

If so, you don't need to do anything. We will close your account and set up a new one for the new customer.

If you haven't moved or made any changes to your account, please call us right away at 1-800-75-CONED (1-800-752-6633) and let us know. That way we will make sure your service isn't interrupted. Please mention that you received this notice when you call.
