M1-01-2015: Smoke Detectors (Common and/or Occupancy Area – Living Space)

House powered (hardwired) smoke detectors, or Tamper proof lithium battery powered smoke detectors should be installed in all common areas of a building and inside each occupancy unit, immediately outside the sleeping areas. Common areas include hallways, landings, basements, laundry rooms, utility and storage areas, and heater and boiler rooms. These types of smoke detectors have no removable batteries and have a long service life.

To support this installation, you should implement a written maintenance program which covers physical inspections, testing and general maintenance of all smoke detectors on a semi-annual basis. Smoke detectors found to be inoperative should be immediately replaced.

M3-01-2015: Property Owners-Certificates of Insurance-New York Labor Law

To better protect your organization from the hazards associated with uninsured or inadequately insured subcontractors:

- Obtain certificates of insurance from *ALL* subcontractors.
- Have current copies signed and on file before a subcontractor is allowed on a jobsite.
- Implement procedures to assure that these certificates are obtained and are updated as they expire.
- Specify policy limits in General Liability (GL) and Workers Compensation (WC) on all certificates of insurance. Policy limits must be "equal to or higher than" the limits of your policies. In no case, should the subcontractor be permitted to carry less than \$1,000,000 in General Liability coverage.
- Require yourself to be named as "*Additional Insured by endorsement to the subcontractor's liability policy*".

Please attach a representative sample of the certificates provided by your most frequently used sub-contractors.

If you are not currently using subcontractors:

- By checking "Completed" and signing/dating the box below indicates you will perform the above steps in the future.

M4-01-2015: Property Owners-Hold Harmless Agreements and NY Labor Law

Contractors and repair persons need to sign a "Hold Harmless Agreement" in your favor. This document is an agreement that the contractor/repair persons will be responsible and pay for any bodily injury, property damage or other economic loss resulting from contractor's negligence. In New York state, you can be sued by injured employees of contractors/repair persons you hire and be held liable under New York State Labor Law. Requiring a hold harmless agreement from all contractors/ repair persons is the only way you can avoid this potentially catastrophic exposure. Review all contracts with a competent attorney.

Please contact your insurance agent for important tools and information on New York Labor Law that can help protect you.

The failure of a party to insist upon the strict performance of the terms and conditions hereof shall not constitute a waiver of that party's right to enforce the same in the event of a continuing or subsequent default on the part of the other party.
8. **Indemnity.** In consideration of the Subcontract Agreement, and to the fullest extent permitted by law, the Subcontractor shall defend and shall indemnify, and hold harmless, at Subcontractor's sole expense, the Contractor, the Owner of the property (if different from the Contractor) and the officers, directors, agents, employees, successors and assigns of each of them from and against all liability or claimed liability for bodily injury or death to any person(s), and for any and all property damage or economic damage, including all attorney fees, disbursements and related costs, arising out of or resulting from the Work covered by this Subcontract Agreement to the extent such Work was performed by or contracted through the Subcontractor or by anyone for whose acts the Subcontractor may be held liable, excluding only liability created by the sole and exclusive negligence of the Indemnified Parties.  - 9.2. The Subcontractor warrants that the coverage provided under the commercial general liability policy shall be written on an "occurrence" basis with coverage as broad as the Insurance Service Office Inc.'s form and that no policy provisions shall restrict, reduce,

limit or otherwise impair contractual liability coverage or the Contractor's or Owner's status as additional insured.

- 9.3. Not less than five (5) days prior to commencement of the Work and until final acceptance of the Work, Subcontractor shall provide Contractor with certificate(s) of insurance evidencing the required insurance coverage with the limits stated below or elsewhere in the Subcontract documents. - 9.5. The Subcontractor and his insurer shall waive all rights of subrogation against the Contractor, Owner and any other indemnified parties, except as respects Worker's Compensation insurance.
- 9.6. If Subcontractor engages a Sub-Subcontractor, it is the affirmative duty of the Subcontractor to ensure that Sub-Subcontractor complies with the insurance and indemnification requirements of this Subcontract Agreement.
10. **Compensation.** Contractor shall pay Subcontractor the Contract Price upon substantial completion of the Work, subject to retention in the amount of five percent (5%) which shall be payable upon final completion, provided Subcontractor has provided all maintenance information related to Subcontractor's Work. Final payment will be due when all governmental sign-offs are completed. Notwithstanding the foregoing, Subcontractor agrees that if it fails to satisfy the requirements of this Agreement, including without limitation obtaining the insurance coverage required herein, all Work performed shall be at Subcontractor's own expense and risk, without right of recovery against the Contractor. Such remedies shall be in addition to any other rights or remedies Contractor may have in law or equity.
11. **Taxes.** Subcontractor shall pay all Federal, State and Municipal payroll, excise and sales taxes, and any and all other levies and taxes imposed in respect of any materials and services provided. Subcontractor shall comply with all governmental laws and decrees, and secure and pay for all necessary permits, licenses, inspections, tests and bonds required for the Work.
15. **Termination.** Contractor reserves the right to cancel, without cancellation or any other charge, all or any part of this Agreement, if Subcontractor fails to perform all or any part of this Agreement. Such right of cancellation shall not be deemed a waiver of any other right reserved to Contractor in this Agreement, or by law for any delay or failure to deliver as specified. Further, Contractor reserves the right to terminate this Agreement without cause at any time prior to its completion by notifying Subcontractor in writing of its intent to so terminate. Upon such termination, Contractor shall pay Subcontractor, in full satisfaction and discharge of all obligations owed to Subcontractor for Work performed under this Agreement, all labor and expense incurred by Subcontractor in fulfilling this Agreement to the earlier of the date of receipt of such written notice, or three (3) days after Contractor mails such notice.
