Important Policy Notice Regarding Terrorism Coverage

380139 01 15

You are hereby notified that this policy will apply with respect to a "certified act of terrorism", if coverage for such "certified act of terrorism" is provided by all scheduled **Primary Insurance** or **Underlying Insurance** that are subject to the Terrorism Risk Insurance Act, as amended.

As used in this message, "certified act of terrorism" means an act or acts that are certified by the Secretary of the Treasury, in accordance with the provisions of the federal Terrorism Risk Insurance Act, as amended, to be an act of terrorism pursuant to such Act, as amended ("The Act"). The criteria contained in The Act for a "certified act of terrorism" includes the following:

1. The act resulted in insured losses in excess of \$5 million in the aggregate attributable to all types of insurance subject to the Terrorism Risk Insurance Act, as amended; and
2. The act resulted in damage:
 - a. Within the United States (including its territories and possessions and Puerto Rico); or
 - b. Outside the United States in the case of:
 - (1) An air carrier (as defined in Section 40102 of title 49, United States code) or United states flag vessel (or a vessel based principally in the United States, on which United States income tax is paid and whose insurance coverage is subject to regulation in the United States) regardless of where the loss occurs; or
 - (2) The premises of any United States mission; and
3. The act is a violent act or an act that is dangerous to human life, property or infrastructure and is committed by an individual or individuals as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.

If aggregate insured losses attributable to terrorist acts certified under the Terrorism Risk Insurance Act, as amended, exceed \$100 billion in a calendar year and we have met our insurer deductible under the Terrorism Risk Insurance Act, as amended, then we shall not be liable for the payment of any portion of the amount of such losses that exceeds \$100 billion, and in such case insured losses up to that amount are subject to pro rata allocation in accordance with procedures established by the Secretary of the Treasury.

Disclosure of Premium and Estimated Premium for Certified Acts of Terrorism Coverage; Cap on Insurer Participation in Payment of Terrorism Losses (Pursuant to Terrorism Risk Insurance Act)

178587 01 15

Policy Amendment - Umbrella Policy - Excess Liability Policy

This Endorsement is attached to and made part of your policy in response to the disclosure requirements of the Terrorism Risk Insurance Act.

A. Disclosure of Premium

In accordance with the federal Terrorism Risk Insurance Act, as amended, we are required to provide you with a notice disclosing the portion of your premium, if any, attributable to coverage for terrorist acts certified under the Terrorism Risk Insurance Act, as amended ("certified acts of terrorism"). The portion of your premium attributable to such coverage is shown in the policy Declarations. This premium is based on the rates in effect at the time of policy issuance or policy anniversary and was calculated for the full term of the current policy period.

B. Disclosure of Federal Participation in Payment of Terrorism Losses

The United States Government, Department of the Treasury, will pay a share of terrorism losses insured under the federal program. The federal share equals 85% through 2015; 84% beginning on January 1, 2016; 83% beginning on January 1, 2017; 82% beginning on January 1, 2018; 81% beginning on January 1, 2019 and 80% beginning on January 1, 2020 of that portion of the amount of such insured losses that exceeds the applicable insurer retention. However, if aggregate insured losses attributable to terrorist acts certified under the Terrorism Risk Insurance Act, as amended, exceed \$100 billion in a calendar year, the Treasury shall not make any payment for any portion of the amount of such losses that exceed \$100 billion.

C. Cap on Insurer Participation in Payment of Terrorism Losses

If aggregate insured losses attributable to terrorist acts certified under the Terrorism Risk Insurance Act, as amended, exceed \$100 billion in a calendar year and we have met our insurer deductible under the Terrorism Risk Insurance Act, as amended, then we shall not be liable for the payment of any portion of the amount of such losses that exceeds \$100 billion, and in such case insured losses up to that amount are subject to pro rata allocation in accordance with procedures established by the Secretary of the Treasury.

D. Possibility of Additional or Return Premium

The premium for "certified acts of terrorism" coverage is calculated based in part on the federal participation in payment of terrorism losses as set forth in the Terrorism Risk Insurance Act, as amended. If the federal program terminates or if the level or terms of federal participation change, the premium charge for "certified acts of terrorism" as shown in the Declarations of this policy may also change. If this policy contains a Conditional Exclusion, continuation of coverage for "certified acts of terrorism," or termination of such coverage, will be determined upon disposition of the federal program, subject to the terms and conditions of the Conditional Exclusion. If this policy does not contain a Conditional Exclusion, coverage for "certified acts of terrorism" will continue. In either case, when disposition of the federal program is determined, we will recalculate the premium charge made for those acts of terrorism covered by the Terrorism Risk Insurance Act, as amended, that remain covered by this policy after the disposition of the federal program. We will calculate the premium charge as follows:

1. We will calculate the pro-rated premium shown in the Declarations for "certified acts of terrorism" from the effective date of your policy to the date of expiration or change of the federal program.
2. We will calculate the pro-rated premium charge for acts of terrorism that remain covered for the policy period that remains in effect from the expiration or change of the federal Program to the anniversary or expiration date of your policy.
3. We will add the amount determined in D.1. above to the amount determined in D.2. above. Such premium will be your revised annual premium for coverage for acts of terrorism.

- a. If the revised annual premium determined above is an additional premium, this additional premium may be waived by us for the remainder of the policy term.
- b. If the revised annual premium determined above is a return premium, we will refund this amount to you.

All other terms and conditions of the policy remain unchanged.

Exclusion of Other Acts of Terrorism Committed Outside the United States 178980 01 15

Policy Amendment - Umbrella Policy - Excess Liability Policy

- A. The policy does not apply to any liability arising, directly or indirectly, out of any “other act of terrorism” that is committed outside of the United States (including its territories and possessions and Puerto Rico), but within the coverage territory. However, this exclusion applies only when one or more of the following are attributed to such act:
1. The total of insured damage to all types of property exceeds \$25,000,000 (valued in US dollars). In determining whether the \$25,000,000 threshold is exceeded, we will include all insured damage sustained by property of all persons and entities affected by the terrorism and business interruption losses sustained by owners or occupants of the damaged property. For the purpose of this provision, insured damage means damage that is covered by any insurance plus damage that would be covered by any insurance but for the application of any terrorism exclusions; or
 2. Fifty or more persons sustain death or serious physical injury. For the purposes of this provision, serious physical injury means:
 - a. Physical injury that involves a substantial risk of death; or
 - b. Protracted and obvious physical disfigurement; or
 - c. Protracted loss of or impairment of the function of a bodily member or organ; or
 3. The terrorism involves the use, release or escape of nuclear materials, or directly or indirectly results in nuclear reaction or radiation or radioactive contamination; or
 4. The terrorism is carried out by means of the dispersal or application of pathogenic or poisonous biological or chemical materials; or
 5. Pathogenic or poisonous biological or chemical materials are released, and it appears that one purpose of the terrorism was to release such materials.

With respect to this exclusion, Paragraphs 1. and 2. describe the thresholds used to measure the magnitude of an incident of an “other act of terrorism” and the circumstances in which the threshold will apply for the purpose of determining whether this exclusion will apply to that incident.

- B. As used in this endorsement:

“Other act of terrorism” means a violent act or an act that is dangerous to human life, property or infrastructure that is committed by an individual or individuals and that appears to be part of an effort to coerce a civilian population or to influence the policy or affect the conduct of any government by coercion, and the act is not certified as a terrorist act pursuant to the Terrorism Risk Insurance Act, as amended. Multiple incidents of an “other act of terrorism” which occur within a seventy-two hour period and appear to be carried out in concert or to have a related purpose or common leadership shall be considered to be one incident.

- C. The terms and limitations of any terrorism exclusion, or the inapplicability or omission of a terrorism exclusion, do not serve to create coverage for any loss or damage, which would otherwise be excluded under this Coverage Part or Policy.

All other terms and conditions of the policy remain unchanged.
