When a commercial overlay is mapped within an R1 through R5 district, except an R5D district, the commercial FAR is 1.0; within an R5D district or an R6 through R10 district, the commercial FAR is 2.0. The residential FAR for a commercial overlay district is determined by the residential district regulations.

<sup>1</sup> FAR is the same for community facility buildings and for buildings with both commercial and community facility uses; in R1 districts, however, the FAR is 1.0 for buildings with commercial and community facility uses

<sup>2</sup> Up to 20% increase for attic allowance
