Congratulations on your new home!

As you know Petro has been servicing and delivering fuel to your home for the past several years.

With that in mind, we are offering to transfer the remaining service contract to you free of charge along with a free oil credit to get you started.

Our service contract is the most comprehensive in the industry. It includes 24 hours a day, 365 days a year emergency service. Our service contract includes an annual tune-up and cleaning, calibrating your oil burner to maximum efficiency and perform a safety check on all operating controls.

I make this offer because I am confident that if you give us a chance, you will see why the previous homeowners were so happy with their decision to have Petro handle their home heating needs. Please make that same decision to use Petro as do the majority of oil heated homeowners on Long Island.

Please contact me at 516.686.1841 for more details and mention **CODE 22** for these discounts. I look forward to assisting you with your present and future heating needs.

Sincerely,

Grant Spizman
