Money Market Deposit Account ("MMDA") amounts reflected in your brokerage account are held by TD Bank USA, N.A. and are not covered by the Securities Investor Protection Corporation (SIPC) protection applicable to your brokerage account. The amount related to the MMDA FDIC-Sweep program is a FDIC insured product and is not held by the broker-dealer, and SIPC does not cover deposit client balances held in an FDIC-Sweep account. TD Bank USA, N.A. is a subsidiary of the Toronto-Dominion Bank. Toronto-Dominion Bank has an investment in TD AMERITRADE Holding Corporation publicly traded stock. TD AMERITRADE, Inc. is not responsible for the services or policies of TD Bank USA, N.A. The interest rate shown for the MMDA is taken from the applicable interest rate tier for the Market Value balance in the MMDA as of the statement closing date. Simple interest is accrued daily based on the interest rate tier applicable to each day's balance. Important Information

Keep this statement for income tax purposes

An investment in a money market fund is not insured or guaranteed by the Federal Deposit Insurance Corporation (FDIC) or any other government agency. Although the funds seek to preserve the value of your investment at \$1.00 per share, it is possible to lose money by investing in a money market fund. Dividends are declared daily and paid/reinvested monthly. The prospectus contains this and other important information. Read the prospectus carefully before investing. Non-deposit investments held by your broker-dealer are NOT FDIC INSURED / NOT BANK GUARANTEED / MAY LOSE VALUE.

The above prices are provided only as a general guide to value your portfolio. Current quotations are available through TD AMERITRADE. Certificates of deposit are priced at market prices. Sale of bonds prior to maturity may result in a loss of principal. Mortgage backed positions are valued using the remaining balance and the current market price.

Non-Standard Assets: This statement shows all assets in your account including certain direct investments that may be held by a third party. TD AMERITRADE is not responsible for third-party information, including the valuation of certain non-standard assets. The price shown represents an estimated value that is provided by an annual report or other source. The estimated value of these assets may not be realized when you try to liquidate the position. Assets held by a third party are not covered by the Securities Investor Protection Corporation (SIPC)

Auction Rate Securities ("ARS") Pricing: TD AMERITRADE has consistently reflected the value of ARS positions in client accounts and on account statements at par. Par value may not be the same as the market price that could be obtained in the event of a sale. The ARS market is currently experiencing a lack of liquidity and, as a result, there can be no assurance that such securities can be sold under current market conditions. In the event of a failed auction, the coupon rate paid to holders is typically set to a predetermined rate specified in the offering documents for such securities.

Equity and option positions in DXP Enterprises Inc., which are scheduled to split with an ex-dividend date of 10/01/2008, are reflected after the effects of the split in the Account Positions and Account Activity sections of this statement.

Important Information

Keep this statement for income tax purposes

An investment in a money market fund is not insured or guaranteed by the Federal Deposit Insurance Corporation (FDIC) or any other government agency. Although the funds seek to preserve the value of your investment at \$1.00 per share, it is possible to lose money by investing in a money market fund. Dividends are declared daily and paid/reinvested monthly. The prospectus contains this and other important information. Read the prospectus carefully before investing. Non-deposit investments held by your broker-dealer are NOT FDIC INSURED / NOT BANK GUARANTEED / MAY LOSE VALUE.

The above prices are provided only as a general guide to value your portfolio. Current quotations are available through TD AMERITRADE. Certificates of Deposit are priced at market prices. Sale of bonds prior to maturity may result in a loss of principal. Mortgage backed positions are valued using the remaining balance and the current market price.

Non-Standard Assets: This statement shows all assets in your account including certain direct investments that may be held by a third party. TD AMERITRADE is not responsible for third-party information, including the valuation of certain non-standard assets. The price shown represents an estimated value that is provided by an annual report or other source. The estimated value of these assets may not be realized when you try to liquidate the position. Assets held by a third party are not covered by the Securities Investor Protection Corporation (SIPC)

Auction Rate Securities ("ARS") Pricing: TD AMERITRADE has consistently reflected the value of ARS positions in client accounts and on account statements at par. Par value may not be the same as the market price that could be obtained in the event of a sale. The ARS market is currently experiencing a lack of liquidity and, as a result, there can be no assurance that such securities can be sold under current market conditions. In the event of a failed auction, the coupon rate paid to holders is typically set to a predetermined rate specified in the offering documents for such securities.
