The price quote is accurate based on the information you provided related to your vehicle and the type of damage and includes basic labor and parts used when replacing or repairing your damaged auto glass. In some cases, the condition or style of the vehicle may require that the Safelite technician use additional materials such as replacement moldings or other accessories to ensure a safe, quality installation.

Your technician will complete an evaluation of the vehicle and provide an estimate for any additional costs prior to starting the work.

This price quote does not include federal, state or local taxes. All amounts related to taxes will be collected at the time of service.
