

Dear Parent/Guardian of Henry,

This report summarizes Henry's performance on the New York State Testing Program English Language Arts Assessment, administered in the spring of 2017. The test score provides one way to understand student performance; however, this score does not tell the whole story about what Henry knows and can do. The results from the Grade 3-8 ELA and Mathematics Tests are being provided for diagnostic purposes and will not be included in Henry's official transcript or permanent student record.

Dear Parents/Guardians,

The Sullivan West School District has received the results of the New York State Math & ELA Assessments. Our students took these tests in spring of this year. Attached to this letter you will find your child's scores on these tests. These assessments were designed to assess our school's curriculum and to identify students who are in need of intervention services in the areas of ELA and Math. The New York State Department of Education has mandated that all students who score below a set performance level must be given intervention services. Our practice is to provide intervention to as many students as possible even if they score above the set performance level. Should your child be eligible for services, you will be notified.

Please do not hesitate to contact us at school if you have questions about your child's test results. We will be happy to answer your questions.

Sincerely,

Rod McLaughlin
Elementary Principal
