HURLEYVILLE SULLIVAN-FIRST (HSF)

The volunteers in Hurleyville-Sullivan First have begun working on several new projects. New solar powered strip lights will be added to the historical kiosk in the Hurleyville Firemen's Park. A wayfinding sign will be installed at the Community Gateway that will guide folks to all the great places to visit in Hurleyville. Parking signs will be added to direct drivers to public parking lots.

The group will continue to enhance and maintain completed projects:

- the signs and stone planters at the entrances to Hurleyville
- the stone planter at the Hurleyville Firehouse
- the Little Free Library at the Hurleyville Firemen's Park

Everyone is welcome to come out and help plant annuals and perennials in the barrels on Main Street and in the stone planters. Work dates will be announced soon.
