 Subject: "UN PESCE MORTO"

A lot of things to get off my chest.....where do we start?

Number 1 -

How 'bout the Jews. Because of this fake, annoying holiday, every big game in two sports on Sunday, was changed to a 1pm start to satisfy these Christ killers so they can go home before sundown. I thought that sundown deal was solely & strictly about vampires (like in HBO's "True Blood"), then again, both the Heebz & the nocturnal zombies DO share one similar characteristic.....they are both nasty, filthy blood suckers. So here I am from 1 to 4 pm, abusing & pillaging my poor, helpless remote control, going from the Jets' game on CBS, to the Giants' game on FOX, to the Yankees' AL East division clinching game vs the Blowsawx on ESPN, to the NY Muts/Marlins game on the Witness Protection Channel. All the while I'm cursing & screaming at you know who for wielding such power (who knew "they" had that much influence to change TV programming & starting times of various sporting events.....he said sarcastically). And for what?.....for 300,000 Jews that live in NY & Fla?

All I know is that on Christmas & Easter, there's always games on the tube.....nothing ever gets changed because of OUR holidays, and we're not a handful.....we're only about half the fu_ _ing country.

Number 2 -

How about the balls on this Jimmy (peanut farmer) Carter & Clinton & other schiffossi of their ilk, calling anybody that disagrees with Obama racist. You, mean if we don't like the way he's taking this once great country, then we're racists?.....well, then I'm a racist. If we don't agree with the Bama constantly trying to bail out everything in sight, then we're racists.....well, I'm a racist. If we don't want to go along with his universal health care, which happens to "only" be 1/6 of the nation's economy, & we know how "great" the federal government is at handling social security & the post office (both bleeding money left & right), then we're once again racists?.....then I'm a racist. Getting back to Jimmy Carter, this big-toothed America-hater should be doing hand-stands that the Bama is such a hideous & embarrassment of a president because at his current pace, he will replace the peanut farmer as the worst president in the last 100 years.....I'm sure you blind fools who voted for the community organizer last November must be feeling mighty proud right about now, huh?.....you should NEVER be allowed the right to vote ever again.....not even in your own local, lowly city council elections....."You all make me sick, get off the stand!!!".....sorry, another "odd couple" flashback.....I digress.....(where are my meds?).

Number 3 -

Un pesce morto.....that's Italian for the dead fish, as in the look-away dead-fish handshake that a certain ugly hoodie-wearing coach always gives to the opposing coach when he loses a game. Rex Ryan should have pile-driven that miserable bastard after that gutless, fag handshake of his.....& then the REX-orcist should have ripped his arm off & eaten it.....it looks like he's already eaten half his family as it is.....the REX-troyer is a large man, true but as long as he doesn't have a heart attack anytime soon, it looks like we Jet fans have come a long way since the days of Herm Edwards & Mangidiot & Bruce Coslet & Rich Kotite.....please, don't make me go on any further.....point made, point made.

Number 4 -

It's only 3 weeks, but man it's nice rooting for a good team, 3-0 with a great motivator & defensive specialist as a head coach, a poised & steady rookie QB in Mark Sanchez, an all-out blitzing defense ("The REX-ecutioners of "D"-Generation Rex", "E-REX-style Dysfunction", "The REX-cavengers", or simply "D-Rex"), call it what you will, but so far, it's working.....just like in DC, right John? The Lions????? WOW!!!!.....do you & your old man want to pay us now or do we have to wait 'til week 16? The wager is our J-E-T-S would have more wins than their wash. Foreskins.....I'll take my \$50 in singles.....(going out with Cedola soon).

Number 5 -

Yankee sweep over Blowsawx this weekend was nice, 100 plus wins, & taking the AL East title & celebrating in front of the schiffossi to the north is always satisfying & securing best overall record is.....is nice, but it don't mean sh_t unless we get #27. And remember, only 2 teams with the best regular season record in the last 15 years have gone on to win it all. One good sign for Yanks, though.....much to the chagrin of the country, is that Yanks only win world Series titles when a democrat is in the white house.....I think this little streak has gone on for something like 50 years or so.....we'd better win in the next 3 years, huh fellas?

PS #1

It's been such a long & bad year for the NY Muts that this past August, they were not only eliminated for the playoffs this year, but also for 2010.

PS #2

On a related topic, the Mut GM Omar Minaya (or is it Momar Minaya, or Omar Knadafi?) Omar & Obama have something in common - they both spend lots of other people's money but have no clue what they're doing.

PS #3

3-0 Frankie boy.....the 1st time a rookie QB has started his NFL career 3-0 since the merger.....I know, I know, we're not beating the 40 points a game Saints on the road this coming Sunday.....but we can dream, can't we?

PS #4

Detroit Lion fans currently still celebrating first win in eons.....come on Delish, you gotta admit that's pretty funny.....or tragic.....or both.....come on, life's good after 3 NFL weeks, ain't it?.....it sure is, drink up!!!

PS #5

Mr. President.....I think I speak for 200 million racists in the country when I say....."YOU LIE".....kudos to the great congressman from South Carolina for speaking up for all of us.
