Woodland Tour in the Regional District of Apolonia Boundary

On 10th May 2014, a group of 15 people, including members of the Regional District of Apolonia Boundary, went on a woodland tour. The tour was led by a local expert and visited several woodlands in the area. The tour was very informative and provided an opportunity for the group to learn more about the local woodlands and the importance of conservation.

A group of people standing in a field, looking at a large white board or map.

The tour was very informative and provided an opportunity for the group to learn more about the local woodlands and the importance of conservation. The group was led by a local expert and visited several woodlands in the area. The tour was very informative and provided an opportunity for the group to learn more about the local woodlands and the importance of conservation.
