Explanation of Charges

Verizon Wireless' Surcharges

Verizon Wireless' Surcharges include charges to recover or help defray costs of taxes and of governmental charges and fees imposed on us, including a Regulatory Charge (which helps defray costs of various regulatory mandates, including government number administration and license fees) and a Federal Universal Service Charge (and, if applicable, a State Universal Service Charge) to recover costs imposed on us by the government to support universal service, and may include other charges also related to our governmental costs. It also includes an Administrative Charge, which helps defray certain costs we incur, currently including (i) charges we, or our agents, pay local telephone companies for delivering calls from our customers to their customers, (ii) fees and assessments on network facilities and services, and (iii) certain costs and charges associated with proceedings related to new cell site construction. Please note that these are Verizon Wireless charges, not taxes. These charges, and what's included, are subject to change from time to time.

Taxes, Governmental Surcharges and Fees

Includes sales, excise and other taxes and governmental surcharges and fees that we are required by law to bill customers. These taxes, surcharges and fees may change from time to time without notice.

Late Fee Information

A late payment applies for unpaid balances. The charge is the greater of \$5 or 1.5% per month, or as permitted by law.

Verizon Wireless' Other Charges and Credits

Includes charges for products and services, and credits owing.

By signing below, you authorize Verizon Wireless to electronically debit your bank account each month for the total balance due on your account. The check you send will be used to setup Automatic Payment. You will be notified each month of the date and amount of the debit 10 days in advance of the payment. I understand and accept these terms. This agreement does not alter the terms of your existing Customer Agreement. I agree that Verizon Wireless is not liable for erroneous bill statements or incorrect debits to my account. To withdraw your authorization you must call Verizon Wireless. Check with your bank for any charges.

1. Check this box.
2. Sign name in box below, as shown on the bill and date.
3. Return this slip with your check for this month's payment.

Use this space or sign in to My Verizon at www.verizonwireless.com to change the mailing address where we send your bill. If we do not have your most recent email address, provide it below and we'll use it to tell you important information about your Verizon Wireless service. Allow 2 billing cycles for the address change to take effect.

How to Use Service Information

Written Notations on Payments

Written notations included with or on your payment cannot be reviewed when bills are processed and will not be honored. Please send such notated payment and any accompanying correspondence to the Correspondence Address on Page 2 of your bill.

Electronic Fund Transfer (EFT)

Your check authorizes us either to make a one-time electronic funds transfer (EFT) from your account or process as a check. An EFT may be withdrawn from your account the same day you make your payment and your check is not returned to you. If you want to be excluded from EFT, please call 1-866-544-0401. If payment is returned unpaid, you authorized us to collect an additional \$25 fee through EFT from your account.

Taxes in Georgia Customers

Georgia State and Local Sales Taxes are charged only on the monthly access fee and all vertical services for Special Features, including, but not limited to, Call Waiting, Call Forwarding, and Three-Way Calling. If you have a service plan which includes airtime with the monthly access fee, the amount of access subject to Georgia taxes is the lesser of the access charge or \$20.00.

Experiencing A Problem With Your Verizon Wireless Device?

Just contact us toll-free at 1-866-406-5154 from a landline phone. If we can't resolve the problem and the problem is caused by a manufacturing defect within the first year you own the device, we'll send you a Certified Like-New Replacement (either a like unit or one of comparable quality) right to your door.

Important Information About Verizon Wireless Data Plans and Features

As part of our continuing efforts to provide the best experience to our more than 94 million customers, Verizon Wireless is introducing new network management practices.

We are implementing optimization and transcoding technologies in our network to transmit data files in a more efficient manner to allow available network capacity to benefit the greatest number of users. These techniques include caching less data, using less capacity, and sizing the video more appropriately for the device. The optimization process is agnostic to the content itself and to the website that provides it. While we invest much effort to avoid changing text, image, and video files in the compression process and while any change to the file is likely to be indiscernible, the optimization process may minimally impact the appearance of the file as displayed on your device. For a further, more detailed explanation of these techniques, please visit www.verizonwireless.com/vzwoptimization.

Don't Let Your Kids Play With Old Cell Phones

Because old cell phones are still able to call 9-1-1 even if they are not active with a wireless carrier, they should not be used as a toy. If you have an old cell phone, please consider donating it to the HopeLine by Verizon program, where no longer used phones are safely recycled and the proceeds used to help prevent domestic violence.
