

SOUTHERN MILLS, INC.
Subsidiary of Royal Ten Cate

Claude Simon
Veratex
160 Madison Ave.
New York, NY 10016

November 5, 2010

Dear Mr. Simon,

We regret to inform you that we will discontinue offering our knit polyester netting once current inventories have been sold. We have experienced a continuing decline in our netting business over the past several years, and unfortunately, because of this decline and the age of the equipment, it no longer makes business sense to continue the production of this product.

We have sold all of our 51" Rawhide product and have a limited supply of 63" Rawhide available to ship. Please contact Customer Service for inquiries on availability.

We sincerely apologize for any difficulties this may cause. Be assured that we continue to manufacture and offer the balance of our Fabricare product line.

Sincerely,

Thomas J. Hejhal
