Dear Policyholder(s):

Thank you for allowing us to provide your Condominium Unitowners Policy insurance. We regret that we cannot continue this insurance. Therefore, your policy will not be renewed, in accordance with the terms and conditions of your policy and the laws of New York, as of May 03, 2014.

The New York Insurance Law prohibits insurers from engaging in redlining practices based upon geographic location of the risk or the producer. If you have reason to believe that we have acted in violation of such law, you may file your complaint with the Department either on its website at <http://www.dfs.ny.gov/consumer/fileacomplaint.htm> or by writing to the State of New York Insurance Department of Financial Services, Consumer Services Bureau Assistance Unit, Financial Frauds and Consumer Protection Division, at One Commerce Plaza, Albany, NY 12257.

This risk is no longer acceptable to State Farm® Fire and Casualty Company because the dwelling is no longer owner occupied.

The Coastal Market Assistance Program (C-MAP) administered by New York Property Insurance Underwriting Association (NYPIUA) is a network of participating insurance companies established for the purpose of facilitating the placement of homeowners insurance where property is located in an area served by the program. New York homeowners whose property is located in or around coastal areas, and for whom coverage in the voluntary market is not available due to cancellation, non-renewal, conditional renewal or application decline, may be eligible for coverage in the market assistance program.
