

Dear Claude,

3/2/76

12:26

WORK IS GREAT...

Well another year goes by  
and we're still getting high

I just finished a show in Uniondale  
I'm on a diet  
now trying to get very frail

What a bunch of shit  
I'd have to be thrown into a  
Pit

Never could I ever be frail  
Unless I got shipped through the mail

Ur studying your ass off I hope  
have you and Amy decided to elope

What would be the sense

Your both young and carazy

But time don't depend on John Cameron Swazey  
You've got a good grip

Especially when you lay down and strip  
I hope school is getting more mellow

So that twenty will be better  
with Jello...

Earthy balloons  
a cap full of amonia takes away all the chemicals on  
the photo paper when I wash the paper before  
drying its takes only ten minutes  
then I'm finitz!

I think my camera ~~ye~~ eye has gone to mish  
That one of you and Amy is fish...

love xx  
Johnny
