Dear Claude and Carolyn:

When eight-year-old Katie of Monticello saw her words come to life on stage in the **E3: Engage. Experience. Explore.** program, it ignited her enthusiasm for writing.

During **Project Identity: Photography**, Swan Lake's sixteen-year-old Asia, developed her artistic eye, interpersonal and public speaking skills.

Playing a lead role in **P.L.A.Y. Theater**, gave 11-year-old Charles of Callicoon the desire to work hard and excel. Now he feels more confident than ever.

YOUR SUPPORT OF BETHEL WOODS CAN HAVE THIS KIND OF POSITIVE IMPACT THROUGHOUT SULLIVAN COUNTY AND THE HUDSON VALLEY REGION.

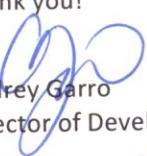

Nearly 17% of local families are living at or below the poverty level. Thanks to donors like you, **69 YOUNG PEOPLE RECEIVED \$14,500 IN SCHOLARSHIPS** and **2,400 STUDENTS BENEFITED FROM FREE BUSING** to museum field trips and live performances.

In 2014 alone, 30,800 community members attended Bethel Woods' **EDUCATION, COMMUNITY OUTREACH, AND MUSEUM PROGRAMS**, many of which are available at low or no cost.

You can help so many more children and their families learn how to think more creatively in the classroom, on the job, and in life.

I know you appreciate the impact your support will have and hope that you consider a contribution of \$500 once again this year. We can't do this without you.

Thank you!
