Need-to-Know Information

Federal Subscriber Line Charge

Effective on or about July 2, 2013, the Federal Subscriber Line Charge may change on your main phone line and on any additional phone line. This charge helps pay for the costs of providing and maintaining the local network.

Verizon Surcharges

Verizon's Surcharges include:

- (i) a Federal Subscriber Line and/or Access Recovery Charge applicable to interstate and international services that helps pay for the costs of providing and maintaining the local phone network;
- (ii) a Federal Universal Service Charge applicable to interstate and international services to recover fees imposed on us by the government to support universal service, and;
- (iii) a Carrier Cost Recovery Charge applicable to long distance customers that helps defray various charges we pay for state to state and international calling such as those for government number administration, local number portability, regulatory fees, and charges we or our agents must pay to terminate calls on other networks.

Please note that these are Verizon charges, not taxes. These charges, and what is included in these charges, are subject to change from time to time. For additional information regarding the charges on your Verizon bill, please visit verizon.com or call the number listed on your bill.
