Important information about your telephone service

Effective with June 2012 bills, AT&T has changed the "Taxes and surcharges" section of our bill to better reflect the purpose of the charges. The charges are now split into two separate sections: 1) "Government fees and taxes" which are fees and taxes that are collected by AT&T and remitted to the applicable government entity; and 2) "Surcharges and other fees" which are billed by AT&T to recover certain state and local jurisdiction assessments as well as costs associated with providing state-to-state and international long distance service, including expenses for national regulatory fees and programs, and, connection and account servicing charges. In addition, the Universal connectivity charge and Carrier cost recovery fee will be moving from the "Other charges and credits" section to the new "Surcharges and other fees" section. If you have any questions please call the Customer Service number at the top of this bill.
