Important information about your telephone service

A new State Universal Service Fee surcharge will appear on your bill effective 01/01/14, subject to review & approval by NY's Pub Svc Comm (PSC). The surcharge is designed to recoup AT&T's contributions to the State Universal Service Fund (SUSF), which provides support to PSC approved NY rural carriers where the cost is higher to provide service than urban areas. All regulated telecom carriers must pay into the SUSF & the surcharge rate will be adjusted by the PSC. Please call us at our number on your bill if you have questions about the new surcharge or SUSF.

Effective 03/12/14, AT&T's non-plan per minute rates for international calls direct dialed from home will be restructured to simplify pricing. Rates to the majority of countries will decrease. Rates to some countries will increase. Please disregard this notice if you are currently enrolled in an international calling plan as it does not impact your plan rates. You can view the upcoming simplified non-plan per minute rates by visiting "Recent Price and Fee Increases" at www.serviceguide.att.com/ACS/ext/SN or calling the number on your bill for more information. To see AT&T's International calling plans, visit www.shop.att.com.
