Save money when you fill prescriptions

Dear Vicki Simon,

When you use OptumRx®, your AARP® MedicareRx Preferred (PDP) preferred mail service pharmacy, you can save as much as \$332.00¹ annually on copays for your maintenance medication—medication you take regularly. What's more, your medication is delivered right to your door for no additional charge.

Your Medication	Your annual copay Savings ¹ per prescription
ESCITALOPRAM TAB 20MG	\$84.00
TOBRADEX OIN 0.3-0.1%	\$44.00
ATORVASTATIN TAB 20MG	\$84.00
LISINOPRIL TAB 10MG	\$60.00
METOPROL TAR TAB 25MG	\$60.00
Total annual savings:	\$332.00

This chart may not include all that you are taking regularly for chronic or long-term conditions.

As your plan's mail service pharmacy, OptumRx can save you money on prescriptions. The amount you can save depends on which tier a medication is in. See how much less you can pay compared to a retail pharmacy:

- Pay \$0 for a 90-day supply of Tier 1 medications (typically preferred generic drugs).²
- Save \$21 off your copay for a 90-day supply of Tier 2 medications (typically non-preferred generic drugs).²
- Save \$11 off your copay for a 90-day supply of Tier 3 medications (typically preferred brand-name drugs).²
- Save \$35 off your copay for a 90-day supply of Tier 4 medications (typically non-preferred brand-name drugs).²
