

## Immediate Action Required: Parapet Wall Inspections Under Local Law 126

With the December 31, 2024 deadline approaching, most buildings in New York City are required to complete a parapet wall inspection. If your building is listed on the other side of this card, this might mean you.

**ReDocs makes it simple.** Just inspections, no repairs—so there are no surprises. Our process is quick, affordable, and free of hidden agendas - we don't perform repairs, so you can trust us to deliver a clean, straightforward inspection.

**The catch:** As we near the deadline, our schedule is filling up fast. To ensure you're covered and avoid the end-of-year rush, secure your spot immediately.

**Don't wait or you might be scrambling for an appointment:**
