Salaam Alaikum

DEAR LANCE WHITAKER,

This is my fifth attempt to contact you over the past two months. I would appreciate it if you could kindly confirm whether you have received my previous correspondence.

My name is Dr. Mohammed Farouk, I work with ADEEM Investment & Wealth Management KSCP, based in Kuwait. We specialize in providing financial assistance through project finance, business loans, and investment solutions.

Founded in 2005, ADEEM is a Kuwaiti shareholding company focused on both short-term and long-term investments across various industries in the Middle East, America, Europe, and Asia. Our goal is to generate sustainable returns for our shareholders and partners by deploying capital in high-potential sectors.

We offer a wide range of services, including asset and wealth management, project financing, joint ventures, and corporate advisory. Our areas of focus currently include maritime, renewable energy, Aviation, real estate, technology, healthcare, logistics, and more.

I am contacting you regarding a funding opportunity under ADEEM Investment & Wealth Management KSCP. ADEEM offers a 2% commission on each project that is successfully presented and approved for funding.

I am reaching out to share a potential funding opportunity involving a U.S.-based company that is currently seeking loan financing. However, there is a challenge in my current situation. As an Investment Director with ADEEM, if I personally present this company to the board, I would not be eligible to receive the 2% commission due to a clause in my contract with ADEEM.

Due to internal compliance requirements within my current role, I need to structure how I participate in the introduction of this project to the board. As such, I am reaching out to see if you would be open to being involved in the formal presentation or introduction of this opportunity, as should be required under ADEEM's internal guidelines.

I will provide all necessary documentation, financial details, and supporting materials to ensure a complete and accurate presentation of the project.

If this arrangement is possible within your scope, I would be open to discussing a fair and mutually agreed structure for your involvement.

If you are interested in discussing this further, please feel free to send me an email. And I will be happy to provide additional information.

I look forward to your response.

Regards,

Dr. Mohammed Farouk
