FUSF Fee Changes July 1, 2025

Your Federal Universal Service Fund (FUSF) fee may change on July 1, 2025. Authorized and reviewed quarterly by the Federal Communications Commission (FCC), the FUSF funds programs to keep local telephone rates affordable for all customers and provides discounts to schools, libraries, rural health care providers, and low-income families.

Notice Regarding Disclosure of Billing Name and Address to Third Parties

If you accept any collect or bill-to-third party calls to your local telephone number, Federal Communications Commission (FCC) rules and regulations require that Verizon disclose your billing name and address (BNA) to other telecommunications providers and their authorized billing and collection agents. You have the right to request that Verizon not disclose your BNA. You may make this request by contacting Verizon at 1.800.Verizon (1.800.837.4966). Even if you have an unlisted or non-published telephone number, you must still contact Verizon to make a request to withhold disclosure of your BNA. If you do not contact Verizon within 30 days after the first time you receive this notice, Verizon will presume that you consent to the disclosure of your BNA to other telecommunications providers and their authorized billing and collection agents.

Caller ID Blocking and Automatic Number Identification

Caller ID Blocking - You can prevent the display of your telephone number on a Caller ID phone with these options:

- Per-Call Blocking - To block your number on a per call basis, press *67 before making a call (1167 on a rotary phone). There is no charge for this using this option.
- Line Blocking - You may order per line blocking in states where it's available to block your number for all outgoing calls. You can press *82 before a call to allow your number to display on that call (1182 on a rotary phone).

Automatic Number Identification - When you call 911, or dial 800, 888, 877, 866, 855, 844, 833 and other toll free numbers, the party you call can identify your telephone number using a network technology called Automatic Number Identification (ANI). Caller ID blocking may not prevent the people who answer such calls from seeing your phone number and name. Federal Communications Commission (FCC) rules do prevent parties that are assigned toll free numbers from reusing or selling the telephone numbers identified through ANI without the subscriber's consent.

Late Payment Charges

To avoid a late payment charge of \$5 or 1.5% of your total due, whichever is greater, full payment must be received before Aug 27, 2025.

Restatement of Charges

This chart restates your charges by category. Basic includes local telephone service, related taxes, fees and installation charges.
