Importance: High

Claude,

We have received in the next order and have found the same problem as the last lot.

How should we proceed?

Do you need to see samples?

Regards

Debi

Subject: FW: 15008-aub

Importance: High

Debi,

We received 2 lots of 15008-AUB today with what appears to be "dropped stitch lines". This will cause a loss in material utilization when used in molding and at the gerber.

Eddie

Wei,
Please advise.
The email sent to Claude has come back as undeliverable.

Our plant wants to return the white goods for sure.

Regards
Debi

Wei,
There is a quality problem with the most recent shipment received.
Please take a look at the attached photos.

Are these goods being sent through inspection before packing?

Regards
Debi.

Debi,
As you can see from the attachments, the materials we received from Fairlane has a severe defect in the center of each roll checked so far. Did Fairlane make you aware of this problem? This will result in a 40-50% loss in utilization when used for molding. Can they replace and if so how long will it take?

Eddie
