ESTIMATED 2021-22 PROPERTY TAX

We cannot calculate your 2021-22 property tax until the new tax rate is established by the city council. Until then, you will pay the 2020-21 rate. The table below estimates the amount you will owe by multiplying the taxable value of your property by the current tax rate of 12.267%. This table is provided for informational purposes only; the actual amount you owe may differ.

Please note that property tax abatements, including the coop-condo abatement, are not included in this estimate. If you receive any abatements, they will be subtracted from your property taxes. Check your July tax bill for the value of any abatements you receive.

## ABOUT YOUR PROPERTY TAXES

Property taxes are determined using a complex formula that takes into account many different amounts and calculations. Visit [www.nyc.gov/nopv](http://www.nyc.gov/nopv) for more information about property valuation and taxation.

The Department of Finance estimates that as of January 5, 2021, the market value for your residential lot within the condo development is \$1,199,046.

The Department of Finance estimates your property's market value using the income approach.

Gross Income: We estimate gross income for the residential portion of your development to be \$314,858.

Multiplier: We use a gross income multiplier of 14.710 which is our estimate of the relationship between the development's income and its market value.

We multiply gross income by the income multiplier to arrive at the market value of the residential lots of your condo development.

We estimate the rent for your condominium unit as \$6,792 per month.

We determine the market value of your lot by attributing a portion of the residential market value of the condominium to your lot. The Department of Finance uses the gross square footage of the suffix to determine your value.

This is done by adjusting your percentage interest in the total building to reflect your interest in the residential portion only. Your percentage interest in the building is 24.100%. This percentage is multiplied by 1.074 because the total condominium interests are 100%, but the residential portion is 93.100% (100% / 93.100%). The resulting percentage is multiplied by the total residential value in the building or development to determine the value of your lot.

Visit [www.nyc.gov/nopv](http://www.nyc.gov/nopv) for more information.

If you own income-producing property, you must file a Real Property Income and Expense (RPIE) statement or a claim of exclusion unless you are exempt by law. You must also file information about any ground or second floor commercial units on the premises, even if you are exempt from filing an RPIE statement. The deadline to file is June 1, 2021. Failure to file will result in penalties and interest, which will become a lien on your property if they go unpaid. Visit [www.nyc.gov/rpie](http://www.nyc.gov/rpie) for more information.

### How You Will Be Billed:

Property tax bills are mailed quarterly for properties with an assessed value of \$250,000 or less and semiannually for properties assessed at more than \$250,000. If you pay your property taxes through a bank, mortgage servicing company, or co-op board, you will not receive a bill from the Department of Finance unless you are responsible for other charges, such as sidewalk or emergency repair charges.

## WHAT TO DO IF YOU DISAGREE WITH THESE VALUES

Challenge Your Market Value with the Department of Finance	Challenge Your Assessed Value with the New York City Tax Commission
<p>If you believe the Department of Finance has made an error in determining your market value, you may submit a "Request for Review" form. The form is available at <a href="http://www.nyc.gov/nopv">www.nyc.gov/nopv</a>, or by calling 311.</p> <p>Many property owners consider requesting review of their market value in hopes of reducing their property tax. However, your property tax will not go down unless you can prove that the market value should be lower than the effective market value.</p> <p><b>Deadline: April 1, 2021</b></p>	<p>You have the right to challenge your assessed value by appealing to the New York City Tax Commission, an independent agency that is separate from the Department of Finance. The Tax Commission has the authority to reduce your property's assessed value, change its tax class, and adjust your tax exemptions. The Tax Commission cannot change your market value, property description, or building class.</p> <p>Your application must be received by the filing deadline. To access Tax Commission appeal forms, visit <a href="http://www.nyc.gov/taxcommission">www.nyc.gov/taxcommission</a>. You may also visit a Department of Finance business center (locations at <a href="http://www.nyc.gov/nopv">www.nyc.gov/nopv</a>). For more information, call 311.</p> <p><b>Deadline: March 1, 2021</b></p>
