Track payout

Don't see your payout on the arrival date?

Banks can take up to 5 business days after the expected post date to process payouts. Wait until 5 business days have passed and then contact your bank with the payout information, including the [payout trace ID](#).

If your bank still can't find the payout, ask them for a written statement confirming that the funds haven't been received. Then, [contact Stripe Support](#) with this statement from your bank.

You might also need this additional information:

Stripe account: [Veratex, Inc.](#)
