Good Morning-

Are you asking if we can increase your po 549675 for V239P red from 6000 to 9000? Yes.

Are you asking if we do an additional order for V239P custom color for 9000 yards? Yes.

Regards,
Claude

We have to knit additional good to cover a new order for 6000.

The goods we have in process right now against your existing order will produce approximately 5500 yards only due to the size of the greige rolls we had at that time.

Hi-

We can add 4300 yards to the 5500 yards we have in dye right now for a total of 9800 yards and it all at once at the same approximate delivery of 12/5.

OR we can ship the 5500 as it is on 12/5 and follow with 6000 yards 1st week of January.

No pressure but I need to know really today if you want to settle for the 9800 yards.

Regards,
Claude
