SPECIAL INSTRUCTIONS-----

TRIAL LOT.

NAP AS HAD.

IMPROVE UBL PERFORMANCE.

We are trying to improve the product and reduce the cost.

1. These goods are a little lighter than V10580.
2. We modified the construction to loosen the stitch so the loops are easier to raise without breaking to increase the count of unbroken filaments.
3. We changed the yarn to a lower filament count to reduce the count of broken filaments.
4. These goods are not dyed. Please heat set well to minimize curling.

Please advise when ready.

We will send a label for a 1 yard cut.

Thanks,

Veratex
